NURSERY AND PLAY ROOM FOR YOUNGEST CHILDREN

# *... Annual Report ...*

OF THE

## Board of Managers to the Trustees

Read January 8th, 1903.

---

During the year just closed, 52 children have been received into the Home, 23 of whom came from S. P. C. C. and 4 through the Juvenile Court. Twenty-seven children were given up to their relatives and friends, and 24 were placed out ; making a family of 86 children all through the year.

During the prevalence of small pox, scarlet fever and diphtheria, last Winter, the physicians of the Home advised that no children should be admitted, this accounts for a smaller number of children in the Home than usual. Owing to this wise precaution the children kept entirely free from disease, and no serious sickness entered the Home during the Winter and early Spring months. One little girl died of catarrhal pneumonia, with this exception the health of the children has been very good throughout the year, owing in great measure to the large airy rooms, and the fine play ground in the rear of the Home. This, though quite an expense to keep up, has surely paid for itself many times over, when the health and happiness of the children are taken into account. The wide shady porches, where the babies and the little girls can play, when the sun is too hot for them in the garden, are a great blessing, as the children can be out in the air without being exposed to the sun.

The Admission and Dismission Committee of the Home meets every week, except during July and August, when there is little business to be transacted. Mrs. Senderling, the Visitor, is however, busy during those months under the direction of the Secretary of the Admission and Dismission Committee, taking children to homes in the country, visiting those who have been placed out, and investigating the homes of people who have applied for children. During the year Mrs. Senderling has made 250 visits. She reports that the papers and magazines sent the children by the members of the Literature Committee, are very much enjoyed and appreciated, and do the children a great deal of good.

The Home met with a great loss in the early Fall, in the death of Lizzie Llandto, brought to the Home as a little child, trained there until she was old enough to go to a home in the country, returning to the Home when 18 years of age, she remained there as children's attendant, faithfully performing her duties, until her death in September after a short illness.

Donation Day was very successfully observed on the 6th of December, when more than seven hundred dollars were added to the "Special Fund" started a couple of years ago, which we hope to increase as the years go on. It is intended to help some of our boys and girls who have served out their time with credit, and returned to Philadelphia, desirous of obtaining employment and settling there; but situations being so hard to find, they would naturally become discouraged when some timely aid from our fund will give them fresh hope, and they will doubtless then see that the friends of their earlier days, when neglected by natural relations, had continued their interest as much as while under the care of the Southern Home.

The exercises by the children on Donation Day were most interesting, and reflected great credit upon the teachers who had taken such pains to train them so well and successfully. The work of the children in school is most satisfactory, and we feel the few years schooling they receive in the Home gives them a good start in their education.

The thanks of the Managers are due the physicians who regularly visit the Home, and are ready to respond at any hour to any call for their services.

In the Matron, Miss Little, and her assistant Mrs. McIntire, the Managers feel they are greatly blessed. They have the interest of the Home deeply at heart, are untiring in their labors, wise in their judgment, and economical in their administration. Interested in the children individually, they send them out from the Home with the feeling that they have left kind, true friends behind them, as the nice letters that frequently come to them from the boys and girls testify. It is very gratifying to these excellent women to find, as the children are placed in homes in the country, that their influence is carried with them, and the knowledge of Scripture they are daily taught, will be a blessing all through life to each one.

Besides going to the Sunday Schools in the neighborhood, the children have service every Sunday afternoon in the Assembly Room of the Home, and are taught by Mr. and Mrs. Wm. T. Plummer and Rev. Mr. Buckler.

The Managers are very grateful to the Philadelphia & Reading Coal & Iron Co., for including the Southern Home in their distribution in the Fall, of coal among the Institutions of the city, and to the members of the Coal Committee who brought the needs of the Home to their notice. Through their kindness, the Home has been kept well supplied with fuel, and the children have not suffered from the cold.

Respectfully submitted,

FANNY PORTER,

*Recording Secretary.*

## Maintenance of Playground.

---

The Committee on Playground trusts that the friends of the Home, who so generously subscribed for the making of the Playground, and all persons interested in its maintenance, will keep in mind that a small expenditure of money is necessary each year, for cutting the grass and providing benches, swings and other things for the children.

The General Fund of the Home has already sufficient demands upon it. The Committee therefore makes request for contributions for the special object of maintaining the Playground in good condition.

The great value of the Playground as a Winter and Summer breathing spot for the children can only be appreciated by those who visit the Institution. May we hope that this object will receive the consideration of the generous friends of the Home.

Committee :

HOWARD W. LEWIS, *Chairman*,  
 MRS. JOHN M. MARIS,  
 MISS LIZZIE ESHERICK,  
 MISS CLARA BISPHAM,  
 MRS. CHAS. P. PEROT, *Treasurer*.
